

# A Completely New Concept in Dental Coverage!

## How does the Savings Plan work?

The Scottsdale Dental Excellence Dental Savings Plan (DSP) is an annual membership program based on a fee schedule. The plan will provide for discounts on all dental treatment including elective procedures. This is not a dental insurance plan. All fees must be paid when services are rendered.

## Can I use my existing insurance along with this savings plan?

Yes. DSP was designed for patients who do not have insurance, but can be used in addition to your existing insurance plan. However, It will be billed at the discounted fee and the full payment will be required at time of service. Insurance claims will be submitted by our office and payments will be reimbursed to you directly.

## How does a specialty dentist referral work with the plan?

Some treatment may require a referral to a specialist. Specialists that we typically work with have agreed to provide a discount as well. However, that discount and financial agreement will be between you and the specialist.

# Terms & Conditions

\* See application for complete Terms and Conditions

This program is a CASH DISCOUNT FEE PLAN not a dental insurance plan.

Patients agree that fees stated must be PAID FOR AT THE TIME OF SERVICE. Any treatment not paid for at time of service will be billed at our regular fees.

Scottsdale Dental Excellence Dental Savings Plan cannot be used in conjunction with other special pricing or discounts offered.

The discounts associated with the Scottsdale Dental Excellence Dental Savings Plan are available only through Jeffrey D. Clark, DDS and some select specialist in the Scottsdale area.

For special services that require a referral we are working with specialists that will also provide discounts starting at 10%. Any services provided and discounts given from specialists are agreements between the patient and the provider of those specialists services.
