

COVID-19 Virus Dental Treatment Consent Form

Scottsdale Dental Excellence cares about not only your oral health but also your well-being. It is important to understand the risks of contracting or transmitting the COVID-19 virus in seeking dental care. We ask you to read this carefully before signing. By signing, you are acknowledging that you understand the risks and do desire to receive your dental care today.

1. I knowingly and willingly consent to dental treatment at Scottsdale Dental Excellence by Dr. Jeffrey D. Clark and any designated associates and employees during the COVID-19 pandemic.
2. I understand that Scottsdale Dental Excellence is following CDC and ADA guidelines and recommendations by the Arizona Department of Public Health to:
 - Screen patients and employees for exposure or infection with COVID-19
 - Use proper personal protective equipment
 - Take measures to reduce aerosol
 - Reduce the number of patients on-premises as well as encourage distancing
 - Continue to diligently disinfect the office regularly and promote the use of barriers
3. I understand the COVID-19 virus has a long incubation period during which carriers of the virus may not show symptoms yet are still highly contagious. It is impossible to determine who has it and who does not, given the current limitations and availability in COVID-19 viral testing. I understand that emergency dental procedures create aerosol (water spray), which is one way the disease is spread. The ultra-fine nature of the spray may linger in the air for hours, which may transmit the COVID-19 virus.
4. Risk of transmission: I understand that due to the nature of dental visits, characteristics of the virus, and the characteristics of dental procedures, that I have a risk of contracting the virus simply by being in a dental office, even though mandates are being observed.
5. I am unaware of being a possible carrier or infected: I confirm that I have not tested positive for COVID-19 in the last 30 days and that I am not presenting with any of the following symptoms of COVID-19:
 - Fever of 100.5 degrees Fahrenheit or 37 degrees Celsius or higher
 - Shortness of breath
 - Dry cough
 - Runny nose

Scottsdale Dental Excellence

Jeffrey D. Clark, DDS, FAGD

8765 E. Bell Road, Suite 201, Scottsdale, AZ 85260

ScottsdaleDentalExcellence.com

- Sore throat
 - Diminished sense of taste and smell
6. Contact with infected: I confirm that I have not knowingly been in close contact defined as 6 feet or less for a duration of fifteen minutes or more with someone who has tested positive for COVID-19 in the last 14 days or with anyone that has had the above-stated symptoms in the last 14 days.
7. Public travel: I confirm that I have not traveled outside of the United States in the past 14 days. I confirm that I have not traveled domestically by commercial airline, bus, or train within the last 14 days.

INFORMED CONSENT: I have been given the opportunity to ask any questions regarding the risks of contracting COVID-19 from the dental office and dental procedures. I reaffirm that I am not a carrier of COVID-19 nor infected with COVID-19 to the best of my knowledge. I do voluntarily assume any and all reasonable medical/dental risks, including the substantial and significant risk of serious harm, if any, which may be associated with any phase of my treatment as a result of the COVID-19 pandemic. I acknowledge that the nature and purpose of the dental procedures recommended under the current circumstances and restrictions have been explained to me, and I have been given the opportunity to ask questions.
